nino went 12.7's? is that correct?

these cars hook on street tires with a good driver...they have good weight transfer

i dont know if ANY 05-09 gt will go 11's easily...i think low 12's will be fairly easy...but to get those last 2-3 tenths to go 11's is gonna be difficult

but those cars are really fun...respond well to mods
